What Has Happened in the Territory Since Our Last Issue

AN INTERESTING COLLECTION

Of Clippings From Newsworthy Contemporaries—Gossip of the Busy Week—Activity in the Southern Counties in Pronounced—Douglas City Notes.

Territorial School Superintendent Layton says there is still an embarrassing lack of school teachers throughout Arizona and he has frequent pleading letters from school trustees who are pining away for the influence of a nice school marm to bend the twigs in the back counties so that the future trees will incline gracefully. It seems that the rising generation in Arizona is consuming information faster than it can be supplied by the effete, overpopulous and boastful east. Talk about intelligence in Arizona! The western kids are regular gluttons for knowledge.—Republican.

J. C. Page returned yesterday morning from southern Arizona where he has been in the interest of the fair, going by way of Globe. He says that wherever he has been he has seen only evidences of prosperity and a busy people. All the big eastern and southern camps are booming and most people seem to be making money. Though some of them have it in for Phoenix on general issues in respect of the fair they are all united and are giving the project hearty support. He expects a big crowd here from all over that country.—Republican.

General Manager Walter Douglas returned to Bisbee Friday afternoon from a trip to Dawson and over the lines of the Southwestern in New Mexico, where he accompanied his father. Professor Douglas left Dawson Thursday for his return trip to New York. Mr. Douglas stated that the Phelps-Dodge interests were preparing to erect a hospital at Dawson for the proper care of the men employed in the coal mines there. Dr. Shine, of Bisbee, recently visited Dawson to take up the matter of planning for the new hospital. It is also understood that during the winter and before the beginning of the hot weather next year many improvements are to be made by the company at Cloudercroft, which is to be made the finest summer resort in the west.—Review.

THE NEWS OF TUCSON AND OF PIMA COUNTY

From the Tucson Citizen:

Thomas Wilson, administrator of the estate of James W. Fellows, has made application in the probate court for permission to bond the Southern Bell group of gold mines for \$45,000. The mines are located near Oracle. Fellows was a wealthy New Yorker who was interested in mining here.

Chief Engineer Thompson of the Twin Buttes railroad is in the city from the grading camp which is located near the mines. The roadbed will be completed to the mines within a few days. It is expected that rails and ties will be laid as fast as the material arrives.

From the Tucson Post:

All charges against R. Allyn Lewis, vice president of the defunct International Bank of Nogales, were dismissed last Thursday following the trial of two cases against Lewis in which he was charged with concurring in the publishing of a false report and embezzlement. Judge Campbell instructed the jury in both cases to acquit on the ground that the prosecution presented insufficient evidence.

WHAT HAS HAPPENED IN GRAHAM COUNTY

From the Safford Journal

The bond of County Treasurer Ben R. Clark has been fixed at \$100,000 by the supervisors of Graham county.

Chas. E. Finch, Thomas Blake, Sam Echols and Mrs. Rawlins shipped a carload of honey Nov. 3, to the Canada Biscuit Co., of Chicago, Ill., and have received their returns from the shipment. Although the honey crop last year was three times what it is this year, there is but half a cent difference in the price, in favor of last year. This has been a poor year for bees, not only in the Gila Valley, but throughout the country, only about one-third of a crop being harvested. This season has recorded the only failure in the honey crop ever known in this valley.

Mrs. Eugene A. Tucker and Dr. Tucker, her son, are both confined to their beds with fever. Drs. Warner

and Platt are the medical attendants.

Mrs. F. C. Patterson, formerly Mrs. Leroy Hooper, has brought suit against the Gila Valley, Globe & Northern Railway company for the death of her husband, Leroy Hooper, who was killed near the wholesale grocery store of Solomon & Wickersham last November while in the employ of the company. Mrs. Patterson alleges that the death of her husband was due to the negligence of the company, and asks for \$5000 damages. W. K. Dial is her attorney. Mrs. Patterson now lives in San Francisco, California.

From the Clifton Era.

C. M. Shannon arrived home in Clifton this week after an absence of nearly a year, having been detained nearly all of that time in Los Angeles on important business. Mr. Shannon had been attending the mining congress at El Paso as a delegate at large from Arizona, and took an active part in the proceedings. Mr. Shannon is not in good health, still he is improving somewhat, and expects to soon be all right again. He will remain home but a few days at the present time, but expects to soon have his business matters in such shape that he can again take up his permanent residence in Clifton. He is becoming largely interested in properties in Sonora, which will take much of his time in the future, and will there find Clifton more convenient as a base of operations than Los Angeles.

ITEMS FROM PRESCOTT AND YAVAPAI COUNTY

From the Prescott Journal-Miner.

It was a notable event in the history of Prescott's progress and advancement when the first street car to Fort Whipple made its initial official run Wednesday last. A test run had been made the previous day, but the formal opening of the extension was signalized by a trip that marked the official inauguration of the service.

William Esser, a well known young man of Prescott who is employed as timberman in the Ora Bella mine, was caught in a cave-in late on Saturday night and almost entirely covered up. As soon as the accident happened a large force of miners rushed to his rescue, and succeeded in digging him out in a short time. His injuries were reported to be very painful. He was considerably bruised, but not injured internally.

DOINGS IN PHOENIX AND THE SALT RIVER VALLEY

From the Republican

Dr. J. C. Norton has returned from Kingman where he went several days ago to look after the reported epidemic of glanders among the horses of the Gold Road freighting teams. He found a very bad situation, but it might have been worse and he hopes that it will very shortly be remedied. He inspected a hundred head of horses by physical examination and found fifteen of them infected with glanders and tested by the approved method of veterinarians, the remaining sixty horses in which the physical examination was not safe to rely upon finding nine more infected animals. These twenty-four were killed and a few others that were under suspicion were placed in quarantine.

From the Gazette.

Editor Chas. W. Pugh of the Stockman, died last Friday night at his home at 352 north Third avenue, of muscular rheumatism in the region of the heart. He had been sick but three days and bedfast but 48 hours. Deceased was 41 years of age and had been a resident of the territory for about 20 years. He was a native of Pennsylvania. He is survived by his wife and one daughter.

COCHISE COUNTY BUDGET CULLED FROM EXCHANGES

The Bisbee Miner says it has information that another newspaper is to be started in Bisbee.

Ex-Sheriff Del Lewis had to pungle up \$270 to square the failure of one of his deputies to turn in license money when Lewis was sheriff.

W. R. Winters, brakeman on the El Paso & Southwestern, was arrested at Benson and lodged in jail at Tombstone Thursday. He is under indictment at Hillsboro, Texas, for maiming a man.

Trying to Hog it, as Usual

The Courier is informed that Salt river valley people have filed a suit against Verde valley water users, and every water user in the Verde valley is cited to appear and answer complaint of the alfalfa squealers for more, more. In the Verde valley today there are 13 public schools outside of Jerome; when the census was taken in 1900 there were 1,512 white folks in the Verde valley, and there are many more than that now. There are now 67 irrigating ditches and 8,000 acres of fertile land being irrigated from those ditches in the Verde valley—all of which is a horrid nightmare to the jealous alfalfa squealers, who want to confiscate our mines, shut off our water, and may have designs on the air we breathe. The figures were given us by the census enumerator for 1900 and the present commissioner of irrigation for Yavapai county.—Prescott Courier.

POLITICAL APPORTIONMENT

Representation to be Given the Several Counties in Conventions Next Year

In response to a number of inquiries figures were obtained by the Phoenix Enterprise showing the number of delegates that the democrats and republicans will have in their next territorial conventions, which will nominate candidates for delegate to congress at the election in November of 1906.

The figures obtained from Territorial Secretary W. F. Nichols show the vote to have been cast for Smith and Fowler by counties as follows:

Counties	Smith	Fowler
Apache.....	209	301
Cochise.....	2001	1375
Coconino.....	496	567
Gila.....	752	383
Graham.....	1111	793
Maricopa.....	1731	1974
Mohave.....	344	213
Navajo.....	290	331
Pima.....	893	1027
Pinal.....	369	206
Santa Cruz.....	239	309
Yavapai.....	1492	1608
Yuma.....	467	435

Total.....10,394 9,522

This gives the count in the democratic convention the following number of delegates: Cochise, 40; Maricopa, 35; Yavapai, 30; Graham, 22; Pima, 20; Gila, 15; Coconino, 10; Yuma, 9; Mohave, 7; Pinal, 7; Navajo, 6; Santa Cruz, 5; Apache, 4.

In the republican convention the apportionment is as follows: Maricopa, 39; Yavapai, 32; Cochise, 28; Pima, 21; Graham, 16; Coconino, 11; Yuma, 9; Gila, 8; Navajo, 7; Apache, 6; Santa Cruz, 6; Pinal, 4; Mohave, 4.
